No sense of when this will occur. Her message gives no indications.

Did she give you a sense for when this might happen? I want to move this and don't want to report in two weeks that it is still pending.

No sense that there are any concerns since the director was reportedly updated through the negotiations while she was acting. I believe that it is likely workload related. I assume that the state is finalizing their FY budget too and crafting a legislative agenda in which I imagine is consuming her time.

Hmm, I'm not thrilled. Any sense as to whether there is any concern?

Yesterday morning, I contacted Ms. Prescott-Tate regarding the status of the resolution agreement. She has responded indicating a workload issue for the director.
